# IT IS SAID THAT, OPPORTUNITY KNOCK AT EVERY MAN'S DOOR:

Yet we often hear people bewail their fate because they never had luck, Saturn is blamed for our misfortunes. Very few people are aware that Jupiter, the most beneficent planet in the solar system brings good fortunes at least three times as numerous as the misfortunes brought by Saturn's evil aspect. Uranus has been known as giver of all speculative success, sudden and unexpected change.

Most people metal power. It is as they were deliberately trying to remain a child mentally. Success is simple thing to acquire when you know its formula. As a famous spiritual said: you need a grain of courage dash of Ambition, announce of effort mix the whole with your God given force and no power on earth can keep you from your desires. Psychic power is a Divine power that is resident within all of us and is available to all, we still have the problem of discovering what this power is and why it works more efficiently in the hands of the trained mystic than anyone else.

# THE GREAT MAJORITY OF HUMAN ARE RULE BY THEIR EXTERNAL CIRCUMSTANCES.

But the superior man is he who works out his own direction and then changes his environment or his reaction to it accordingly. Many people go through life in agony, pain, disappointments, and deprivation of liberty, coupled with loss of fame, dignity and constant break in employment, health and childless ness.

Should you be willing to be in possession of the keys to unlock the secret of nature and release yourself from the bondage of ignorance and blind faith, as to control, destiny, time is ripe now.
